EXPERIENCE

WEB DEVELOPER, Edmonton, AB

InnTech Future Inc., January 2022–December 2024

- Developed and maintained responsive, scalable web applications that supported business goals, ensuring an optimal user experience across multiple platforms (desktop, mobile, and tablet).
- Implemented modern front-end frameworks such as React.js and Vue.js to create dynamic web interfaces
- Integrated third-party APIs and web services to expand application functionality, ensuring seamless interaction between front-end interfaces and back-end systems.
- Optimized website performance through code refactoring and best practices in SEO
- Managed version control using Git and collaborated in an Agile environment
- Proactively troubleshot and resolved complex front-end issues, including accessibility improvements and cross-browser compatibility, enhancing overall usability.

FRONT-END WEB DEVELOPER, Edmonton, AB

FKA, January 2020-April 2020

- Created production-ready, responsive front-end code with cross-browser compatibility
- Collaborated with designers and back-end teams to optimize UI/UX functionality and troubleshoot CSS and JavaScript issues
- Designed and implemented wireframes to improve usability and enhance user experience
- Leveraged tools like Sketch, Figma, and Bootstrap to enhance visual appeal and functionality
- Contributed to agile workflows and virtual team collaboration for seamless project execution

ADMINISTRATIVE ASSISTANT, Edmonton, AB

Investors Group, September 2016-May 2019

- Managed office tasks, improved efficiency with organized scheduling.
- Refined financial records, ensured accurate client documentation.
- Supported marketing, grew client base via social media.
- Analyzed and restructured client documentation processes, creating standardized templates that enhanced workflow efficiency and reduced processing errors.

INTERACTIVE DEVELOPER

PM Communications, July 2015-May 2016

- Converted PSD designs into responsive, pixel-perfect HTML interfaces
- Built mobile-friendly UIs using HTML, CSS, and WordPress
- Implemented animations and interactive features for enhanced user engagement
- Provided frontend support and made code updates based on client feedback and requests
